Hi Angie,

Thank you for the explanation. We will update you when we get more information.

Thank you,
Jer Yang

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi Jer,

It depends on the project, the activity, and the changes needed. In most cases, minor changes do not require revisions to the application, but ARB will need a revised work plan and budget from the sub-grantee to document the changes, and you will need to send a copy to me.

If the changes are major, ARB should send an email specifying the changes and provide justification for EPA approval.

Again, this all depends on the changes. Please let me know when you have the details.

Thanks!

- Angie

Hi Angela,

I would like to follow-up on this request.

Thank you,
Jer Yang

Subject: Sec 105 - Grant scope update

Hi Angela,

We received an email from our sub-grantee saying there may be some minor changes to the scope of work for one of our Sec 105 projects but they don't have the full detail yet. Do we need to amend the application?

Thank you,
Jer Yang
